Dear Maple Class,

Hello everyone! I hope that you are well and have had a good week.

It has been good to see the work that you have been doing at home so keep it up!

Since I made my video message last week (did you see them all on the website?), I did a lovely walk through some different woods near Leith Hill and the trees looked beautiful and green.

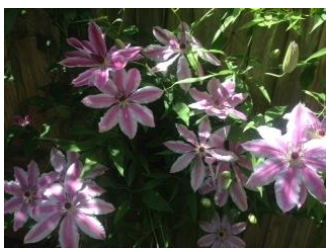

I have also walked through the fields of sheep a few more times and I managed to take a picture of two lambs looking very cute as they had a little rest!

The basil and chilli pepper seedlings are getting taller, and I have planted them out into bigger pots now, so I am hoping that some of them will continue to grow big and strong over the next few weeks.

My garden is really getting more colourful each day. What have you noticed growing in your garden or when you have been for a walk?

Have a lovely week and take care,

Love from Mrs Read x 😊
