LO: To use a number line to **count on** for addition

- I can use my number line to solve addition.
- I can start on the biggest number.

$$11 + 7 =$$

$$4 + 15 =$$

$$3 + 16 =$$

$$8 + 7 =$$

$$5 + 14 =$$

$$13 + 5 =$$

$$12 + 8 =$$

$$6 + 12 =$$

Now try these. Think carefully about what you need to do!

$$11 + \bigcirc = 16$$

$$7 + \bigcirc = 13$$

$$9 + \bigcirc = 17$$

$$12 + \bigcirc = 19$$
