

# We are going to make a poster to say we have found a penguin.

- Today we are going to think of a good question that we can use at the top of our poster to make people aware we are looking for where he comes from or who he belongs to.

What word could start our question which we will write at the top of our poster? Some of our question words will not be suitable for this.

Can?

Who?

What?

Have?

How?

When?

Where?

Why?

# Found

**Your question could start with one of these words – e.g. Can you help me?**

**Where**

**Have**

**Can**

**Write your question and draw a penguin.**
