

Maths homework: 25/09/2020

We will be setting homework on Doodle Maths each week for you to complete at home. This will be set every Friday and does not need to be handed in as it is online.

We have attached your login details for you. We have reset your passwords. You can change these when you log on from home.

This week we have set you a task focusing on place value.

Thank you,

The Year 2 team
