Maths Homework W.C 09/10/2020

This week in mental maths we have been learning what 10 more is from a 2 digit number.

We have learnt that the units always stay the same.

Pick some two digit numbers up to 100 and practise finding 10 more.

Challenge: Can you add on multiples of 10?

56+20=   46+40=

41+30=   12+20=
