

**LO: To be able to sort 2D shapes using a Venn diagram.**

I know which 2D shapes have a curved side.

I know which 2D shapes have straight sides.

I know which 2D shapes have a curved side and straight side.

I can sort them into a Venn diagram.

I can explain why I have sorted shapes into the Venn diagram.

What shapes do you have in the middle of the Venn diagram?

---

Why have you placed them there?

---

---

Where did you place the triangle?

---

Why did you place it there?

---

---
