Christmas card

Christmas card

Today in Art we have created a Christmas card.
We have used tissue paper for the background. We then put glue over the tissue paper. It should go shiny.
We drew on the stable and manger using black felt tip.

Create your own...

**Have a go at creating your own Christmas card.
You could use paint or coloured pencils for your background if you have no tissue paper.
You could use a black felt tip for the stable and manger.**
