

LO: I can draw the position of a shape after it has been turned.

SC: I know what clockwise and anti-clockwise mean.

I can turn a shape one quarter, half, three quarter and full turns.

Start with...	Do a...	And it looks like this...
	Quarter turn clockwise  	
	Half turn anticlockwise  	
	Full turn clockwise  	
	Quarter turn anticlockwise  	
	Half turn clockwise  	
	Quarter turn anticlockwise
