

Turns

I can recognise and use right angles in turns.

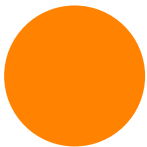

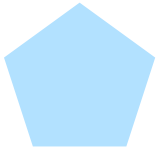

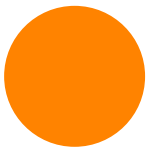

Use this diagram to help you answer the questions on the next page.

Turns

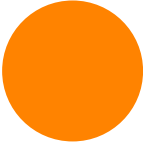

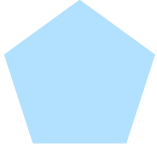

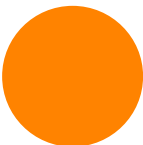

Where will the child be facing after they turn?

Start Facing	Turn	Finish Facing	Number of right angle turns
	90 degrees clockwise		
	180 degrees clockwise		
	270 degrees clockwise		
	90 degrees anticlockwise		
	90 degrees anticlockwise		
	180 degrees anticlockwise		
	270 degrees clockwise		
	360 degrees anticlockwise		
	180 degrees anticlockwise		
	1 right angle clockwise		

Turns Answers

Where will the child be facing after they turn?

Start Facing	Turn	Finish Facing	Number of right angle turns
	90 degrees clockwise	Triangle	1
	180 degrees clockwise	Rectangle	2
	270 degrees clockwise	Rectangle	3
	90 degrees anticlockwise	Hexagon	1
	90 degrees anticlockwise	Star	1
	180 degrees anticlockwise	Star	2
	270 degrees clockwise	Circle	3
	360 degrees anticlockwise	Star	4
	180 degrees anticlockwise	Circle	2
	1 right angle clockwise	Square	1
