

LO: To subtract where the tens need to be exchanged and carried

SC: I can use dienes and jottings or the **expanded method** to help me subtract

I can subtract the units

I can subtract the tens

Solve these subtraction sums by drawing the jottings or using the expanded method.

Check out the maths methods sheet on the Year 3 home learning section of the St Paul's website if you're unsure.

.....

1) $356 - 127 =$

2) $565 - 128 =$

3) $632 - 145 =$

4) $522 - 163 =$

Challenge:

Can you explain why you don't need to use a method if you were answering $453 - 124 =$
(use the words hundreds, tens, units, exchange)
