

Year 3 Maths Monday 15th June 2020

Lesson Aims

- FLUENCY
- LO: To know when I need to use a method or when I can work out a problem mentally
- Our mental maths warm up this week will be focusing

Maths warm up

What comes next?

32, 36, 40, ____, ____

88, 92, 96, ____, ____

143, 148, 153, ____, ____

353, 356, 359, ____, ____

Answers

What comes next answers.

32, 36, 40, 44, 48

88, 92, 96, 100, 104

143, 148, 153, 158, 163

353, 356, 359, 362, 365

Main Teaching

On Monday we are now going to be focusing on fluency – we had been doing this on Friday previously. There will be some questions that the children should be able to answer using known mental strategies and others which they will need to use a method for.

We have included the Maths methods sheet which will help you.

Complete the sheet marked MATHS MONDAY

Answers on next slide!

Answers

- $9 \times 4 = 36$
- $\frac{1}{4}$ of $20 = 5$
- 4
- $227 + 157 = 384$
- $42 \div 3 = 14$
- $393 + 30 = 423$
- $449 + 3 = 452$, $449 + 30 = 479$, $449 + 300 = 749$
- $\frac{3}{5}$ of $35 = 21$
- 5
- $651 - 137 = 514$
- $18 \times 4 = 72$
- $365 = 300 + 60 + 5$
