FLUENCY FRIDAY

LO: To answer number calculations written in numbers or words.

SC: I can use mental strategies solve number sentences.

I can use known number facts to solve other number sentences.

I understand the different vocabulary for all four operations.

Complete the following:

If I know that **3 + 4 = 7**, I also know that:

4 + 3 =	7 – 3 =	7 - 4 =	3 + 14 =
30 + 40 =	13 + 4 =	70 – 30 =	300 + 400 =
23 + 4 =	3 + 54 =	13 + 14 =	700 – 400 =

Adding or subtracting multiples of 10:

57 + 30 =	45 + 20 =	88 – 40 =	26 + 50 =
198 – 70 =	133 + 60 =	240 + 23 =	482 – 30 =
474 – 140 =	245 + 150 =	286 – 170 =	330 + 180 =

Solve these word questions:

	write the operation ↓	write number sentence ↓	write the answer ↓
150 add 30			
4 multiplied by 3			
17 more than 52			
16 shared by 4			
268 take away 120			
24 divided by 8			
266 subtract 42			
7 lots of 4			
9 less than 160			
5 times 12			

A & AA
