

Hi Juniper,

I hope you are all staying safe and well and managing to keep busy. Hopefully you have been working well on all the work you have been given. I am looking forward to seeing some of your work on Biomes and finding out some of the interesting facts you have found out. Towards the end of this week, we will be sending out some new work.

Both myself and Mrs Howlett have been keeping busy. Like lots of you, I have had to find new ways to communicate with friends and family. On Saturday I used Zoom to join lots of friends in a quiz. For one question I had to dress up as Sonic the Hedgehog! I also took part in the 'clapping for the NHS' event last Thursday. It was so nice to hear so many people supporting our doctors and nurses at this time. I have also noticed when I have gone out for walks, lots of people have put posters in their windows to show their thanks to all the doctors and nurses who are helping us at the moment. Perhaps this is something some of you might like to do over the next week. Mrs Howlett messaged me to say she has been busy doing gardening. Like me, she said how much she is missing you and she is helping out in school on Thursday and Friday this week. She also said she has had fun jet washing the patio.

It would be good to hear from a few more of you by e-mail. Please e-mail the school office who will then pass your e-mails to me. Let me know what you are doing and you can always ask questions which I will respond to. If you have read any interesting books or watched any interesting programmes, I can then include your suggestions

either in this letter or on the website. With lots of spare time, I am sure any book suggestions would be greatly appreciated.

I hope you all stay safe and well. Remember to keep being kind and patient to others in your household.

All the Best,

Mr Tinsley and Mrs Howlett.
