

**Year 2**  
**Art**  
**24/06/2020**

# Lesson Aims

- I can draw an observational drawing of a natural object.
- I can look closely.
- I can draw what I see.

# Natural Materials

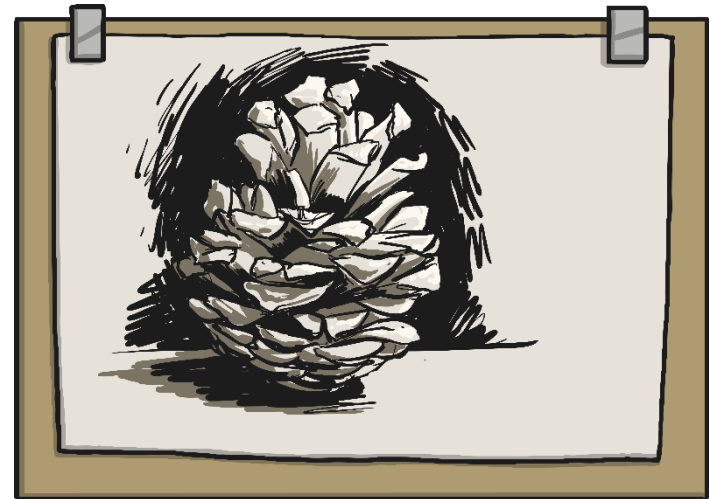

Can you think of things that are **natural**?

# Materials

Today we are going to draw objects from nature.

# Looking Closely

Look closely  
at this leaf.

What can  
you see?

How would  
it feel?

# Looking Closely

Look closely  
at this  
pine cone.

What can  
you see?

How would  
it feel?

# Looking Closely

Look closely  
at these  
acorns.

What can  
you see?

How would  
it feel?

# Drawing from Nature- your task.

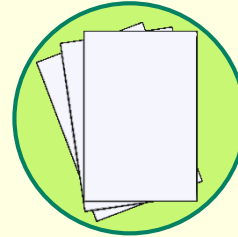

You will need...

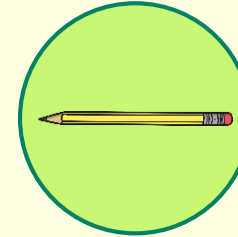

Natural object

Magnifying glass

Paper

Pencil

1. Choose a natural object to make a drawing of. Look at your object carefully.
2. What shape is it? Feel the shape of your object with your fingers. Draw this shape on your paper to make the outline.
3. Look closely at the surface of your object. Find all the little lines, bumps, wrinkles, spikes and curves. Put these in your drawing too.
4. When you think you have finished, look at your object through the magnifying glass. Can you see anything you have missed?

We would love to see a picture of your observational drawing. You could either email it to us or upload it on Purple Mash.
