

Date: \_\_\_\_\_

LO: To tell the time using half past

- I know that when it is half past the hour the long hand points to 6.
- I know that when it is half past the hour the short hand is half way between that hour and the next one.
- I can write the correct half past time for each clock
- I can draw the hands to show the correct half past time
- I can match the correct time to the clocks

Half past \_\_\_\_

Half past \_\_\_\_

Half past \_\_\_\_

Half past 7

Half past 2

Half past 9

Half past \_\_\_\_

Half past \_\_\_\_

Half past \_\_\_\_

Half past 1

Half past 4

Half past 11

Match the times to the correct clocks:

Half past 5

Half past 6

Half past 4

**Challenge:** If it is half past 9, draw what time it will be in **one hour**:
