

Thursday 21st May

Hello everyone,

I hope you are all well and enjoying this lovely sunshine.

We have been keeping very busy here, with the Joe Wicks workouts, home learning for my two children, followed by bike rides in the afternoons, and then I do my schoolwork in the evenings. With the lovely weather this week, my two have started the day at 7.30am, so they can be finished by early afternoon and then spend the rest of the day in the pool!

We decided we couldn't keep on baking cakes, so we are now onto pizzas. We make the pizza dough using our sour dough starter, which is a type of wild yeast and then we each choose our toppings. When we first went into lockdown, you couldn't get flour anywhere, so Freya and Flynn's Daddy ordered a bag online, as you need to add this to the sourdough starter, this is the bag of flour he ordered.....16kg of it! You only need a small amount of flour each time, so it looks like we could be having a lot of pizza!

What have you been doing? Have you made anything?

Keep working hard, **YOU CAN DO IT!** Keep smiling and be good!

Love from Miss Turner x
