Dear Sycamore Class

How are you all? Another week has flown by!!! I hope you have managed to do some of the activities from last week - I know some of Maple class made some great Frida Kahlo pictures using flowers and I have seen some lovely writing from some of you. It is half term next week and we are not setting any work on the website but there are some new ones on Purple Mash if you really want to do some school work.

I have been out in the garden a fair bit this week and I have planted a herb garden - well, actually herbs in a pot! I have also cut back the beech hedge which was hard work in the heat and gave me a rash all up my arms!

I have a friend who is not very well so I have had fun walking her dog for her this week. He is lovely. His name is Farley. He is a Cockerpoo, a cross between a cocker spaniel and a poodle. He looks like this. We have been on some lovely walks together and it has made me realise how much I miss having a dog of my own. Maybe one day I can get another one. In the meantime I will keep borrowing Farley.

We have also been making some sour dough bread. Well, Mr Cruickshank makes it - I offer him encouragement and taste test it! He makes it every weekend and has had to buy the flour in bulk - we now have a dustbin full of flour in the spare bedroom! Enough flour for bread for a year!!

I hope the good weather carries on next week so we can all relax over half term then I will be back in school getting the classroom ready.

Love from  
Mrs Cruickshank xx
