

## ELM

<b>SAM</b> <b>Emotional</b> <b>Support</b>	<p>St Paul's is a nurturing school that has helped me with my really complicated and big feelings through Learning Space and Talk Time. When I joined the School in Year R, every day to begin with I would cry when my Mum or Dad left me at the gates. Then Mrs Pearce, one of our lovely TAs who is still my TA in Year 6 now, would hold my hand and walk me into the School, which to me felt like an enormous castle at the time. All the teachers at St Paul's have helped me to step out of my comfort zone and now I do a lot of sport which makes me feel part of the team. St Paul's is the most fun and supportive school I think I will ever know. It is most definitely the best school for your child in any circumstances, and that's a word I could not spell 7 years ago! I very much hope your child comes to St Paul's and has as wonderful a time as I have had.</p>

**CASS****Topics**

From the moment I joined the St Paul's family in Reception, I felt welcome and like I really belonged in this amazing school. Every lesson has taught me a new thing thanks to the incredible teachers at St Paul's. My time here has really helped me discover new passions and interests and I have thoroughly enjoyed all the wonderful subjects I have been taught here, but the one subject that has really stood out to me has been English. I love the freedom to create and develop my own worlds and to develop my crazy imagination to enable me to write wonderful stories and non-fiction pieces. I'm really enjoying our English work in Year 6 and can't wait to create my own Mythica creature and write my own Blitz diary this year.

Fund  
Raising**

I joined St Paul's in Reception Class in 2018. One of the great things we do as a School is fund raising - both for the School itself and for lots of other great causes. We regularly have mufti-days (when you can wear you own clothes), PJ days, odd sock days, World Book days, Year 6 Market Day and Charity sports festivals. We also have our famous Summer and Christmas fairs which are run by our wonderful parent association, FOSPA. I am really looking forward to the Year 6 Market Place because we are able to experience being an entrepreneur and raise money for the awesome Year 6 leavers party! I feel that St Paul's has really prepared me for Secondary School and I will miss it incredibly.

**Experiences**

I have really loved all of my 7 years at St Paul's, from the moment I first saw the school in 2018 to the moment I'll leave in just 8 months time! During our time at St Paul's we have had some amazing trips and experiences. One of the most unforgettable experiences was our trip to PGL in Year 5 when we had a one week stay at an activity centre learning team building skills and independence skills. My favourite moment was on the giant swing and, because I screamed with joy so much, I lost my voice for the rest of the trip! Not great, but worth it! We slept in cabins (our own little rooms!) with our friends and had the most fun having pillow fights and telling stories about our younger years at St Paul's. Another brilliant trip was when St Paul's teachers took us, as Year 5s, to Sayers Croft to learn outdoor skills and all about rivers. Our bus unfortunately broke down on the way to collect us to come back, but that was actually great as it meant we had extra time playing and hanging out with our friends! I've loved the experiences we have had over the years and I'm really looking forward to all the year 6 trips this year too!
