

Maths Homework Friday 2nd October 2020.

This week we have been practising number facts to 10,20 and other small numbers. We have looked at patterns to help us

For example: $0+10=10$

$$1+9=10$$

$$2+8=10$$

We have also tried to recall the addition facts quickly and in a random order.

Please practise orally with your child. You say '4' the say '6' etc matching the numbers that make 10. You could then move on to numbers that make 20.

Please do this for other small numbers as well e.g. 8, 9, 12, 15 etc

Have a look on DoodleMaths and have a go at your number facts to 10 and 20.

You could also have a go on hit the button or Funky Mummy:

Click on number bonds.
