

Friday lessons

Happy Friday!

You've worked hard this week. Well done.

MATHS – It's Fluency Friday! Follow the PowerPoint and complete the worksheet to help you learn your number bonds and apply them to calculations.

ENGLISH – Today we're learning how to add the suffixes -er, -ed, -en and -ing to root words. Follow the PowerPoint, then colour and buzz your way through the honeycomb hexagons.

GUIDED READING – Find out more about Bouncer and answer the questions. Please ask your adult to email us Year3@stpauls-dorking.surrey.sch.uk so we can stick it into your guided reading book.

READING – 30 MINS

You can read to yourself today. Once you have finished can you explain what you have been reading about to an adult. Can you find any vocabulary that you were unsure of and use a dictionary to find the meaning.
