

**Year 3**  
**Maths**  
**18.11.2020**

# Lesson Aims

- LO: I can find fractions of a set of objects.
- SC: I can count the total number of objects.
- I can look at the denominator and share the objects into that number of equal groups.
- I can count up how many in 1 group to find the unit fraction.
- I can look at the numerator and count up how many in that number of groups.

# Fluency Starter

- What is estimating?
- You can use estimation to get a rough idea of a calculation

# Fluency Starter

- Which calculation gives you an answer of about 20?
- $16 + 12 = 28$
- $6 + 2 = 8$
- $12 + 6 = 18$
- **$12 + 6 = 18$  is 2 away from 20 so the nearest to 20.**

# Fluency Starter

Which calculation gives an answer of about 20?

- $27 - 11 =$

- $17 + 1 =$

- $17 - 1 =$

# Fluency Starter

Which calculation gives an answer of about 20?

- $27 - 11 = 16$
- $17 + 1 = 18$
- $17 - 1 = 16$
  
- 18 is nearest to 20.

# Fluency Starter

- But what about estimating to 50?
- $25 + 12 =$
- $25 + 2 =$
- $25 + 22 =$
- $25 + 32 =$

# Fluency Starter

- But what about estimating to 50?
- $25 + 12 = 37$
- $25 + 2 = 27$
- $25 + 22 = 47$
- $25 + 32 = 57$
- 47 is nearest to 50.

# Main Teaching - fractions

one-half

$$\frac{1}{2}$$

numerator

denominator

# Fluency

- Match the fractions to the shape.

$$\frac{1}{2}$$

$$\frac{1}{6}$$

$$\frac{1}{4}$$

$$\frac{1}{3}$$

$$\frac{1}{5}$$

# Fluency

- Match the fractions to the shape.

$$\frac{1}{3}$$

$$\frac{1}{5}$$

$$\frac{1}{6}$$

$$\frac{1}{2}$$

$$\frac{1}{4}$$

# Fluency

Write the fraction of the shape that has been shaded.

a

b

c

d

e

f

These are called **unit fractions** because only 1 part is shaded.

# Fluency answers

- A)  $\frac{1}{2}$
- B)  $\frac{1}{4}$
- C)  $\frac{1}{3}$
- D)  $\frac{1}{10}$
- E)  $\frac{1}{5}$
- F)  $\frac{1}{6}$

# Fluency Activity

- Write the fraction that has been shaded.

a

b

c

d

e

f

# Fluency Activity Answers

- A)  $\frac{2}{3}$
  - B)  $\frac{2}{5}$
  - C)  $\frac{3}{4}$
  - D)  $\frac{4}{7}$
  - E)  $\frac{5}{8}$
  - F)  $\frac{5}{6}$
- These are non-unit fractions as there has been more than one section shaded.

# Activity

- There is a sheet for you to complete.
