Your task...

Have a go at writing the end of your story.

Have a look at my example:

After all this he was very upset so the animals came up with a plan to get rid of the nasty farmer. First they crept across the muddy yard and unlocked the door. Next they tiptoed quietly up the creaky stairs so they didn't wake the farmer.

Then they jumped up and down on his bed angrily. Finally they chased him away he never came back.

The duck was so happy that he jumped for joy and they all lived happily on the farm together.
