

## FLUENCY FRIDAY

LO: To practise written methods in addition and subtraction

SC: I can add or subtract multiples of 10 using mental methods

I can use a written method to solve addition and subtraction calculations

### Adding or subtracting multiples of 10 (use your number facts):

$5 + 2 =$ $50 + 20 =$	$4 + 4 =$ $40 + 40 =$	$3 + 6 =$ $30 + 60 =$	$6 + 5 =$ $60 + 50 =$
$8 - 4 =$ $80 - 40 =$	$9 - 3 =$ $90 - 30 =$	$8 - 5 =$ $80 - 50 =$	$7 - 5 =$ $70 - 50 =$
$70 + 20 =$	$80 - 60 =$	$40 + 30 =$	$90 - 60 =$
$80 + 50 =$	$90 + 20 =$	$70 + 70 =$	$90 + 80 =$

### Adding and subtracting 2 digit numbers (take care to LOOK at the operation!)

$255 + 136 =$	$475 - 259 =$
$376 - 248 =$	$358 + 182 =$
$531 - 113 =$	$402 + 369 =$
