

Happy Friday!

It's the end of the final full week of term – goodness me it's been such a busy one, filled with lots of lovely learning.

Today we have for you:

**Maths** - Mrs Smith has designed some fantastic fluency for you. It'll help you become really quick at answering addition and subtraction questions.

**French** – we're looking at how Christmas is celebrated in France. There's a video clip to watch - <https://www.youtube.com/watch?v=8uDVVO0B3TQ> Then have a look at the PowerPoint and complete the task.

**Reading** – can you find a Christmas story to share with your family? My favourite festive tale is Stick Man by Julia Donaldson. I like the way it rhymes.
