Phonics

Revise

How many ways can you think of
to write the sounds -
can you think of all the ways we discovered yesterday?

ai

oe

igh

ew

ee

Who has more than two ways? Make a list together of all.

Phonics

Teach

We are going to write some words with –ey at the end.

(Adults they are in the notes below)

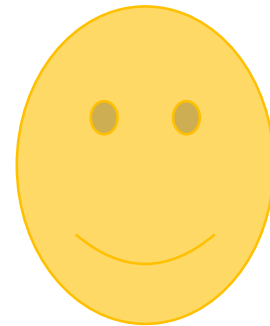

Phonics

donkey trolley monkey chimney

Write

Can you put a donkey in a trolley or
up a chimney?

Main lesson

To write information sentences

To use a heading, picture and caption

I can use a heading, picture and caption

I can write information sentences

Yesterday in History we found out some information about bicycles. We are going to start writing an information leaflet and use some of the information we found out in our leaflet.

What is a leaflet?

Have you seen a leaflet?

What do we need a leaflet for?

Discuss then look at example on the next slide.

What is this leaflet about? Why would you need it?

Habitat

Where do Hedgehogs live?

Hedgehogs like warm and cosy places to live. You will often find Hedgehogs living in fallen leaves, dead wood and under hedges.

Where are baby hedgehogs born?

Before a baby hedgehog is born a mother hedgehog will make a home under a bush or a hedge. She will make sure the bush or hedge is comfortable for when her baby is born.

Have you ever wondered?

Why hedgehogs have
spikes?

Why they curl into a ball?

What they eat?

Where they live?

Why they have a long
nose?

Hedgehogs

All you need to know
about hedgehogs!

Joe Bloggs

Look at the features
Today we are **NOT** going to write the cover of
ours but an information page on bicycles.

Picture related to heading

Caption about picture

We will do one page about bicycles today.

We will need a heading – Bicycles.
Our page will need two pictures and two captions as we want to write about two different bicycles in the past.

You can choose two from what we learnt yesterday in History.

(Walking machine, boneshaker, penny farthing, safety bicycle – the power point is on Monday's page)

Where are baby hedgehogs born?

Before a baby hedgehog is born a mother hedgehog will make a home under a bush or a hedge. She will make sure the bush or hedge is comfortable for when her baby is born.

Activity

Write about each bicycle on separate column (use the two on the left of the sheet – or home learners you could use two pages of your book divided into three columns.)

not this

Eg

The worksheet template consists of a large rectangular frame. Inside, there are two columns on the left side. Each column has a series of horizontal lines for writing at the top and a large, empty rectangular box for a drawing at the bottom. To the right of these two columns is a single, very large, empty rectangular box. A blue arrow points from the text 'Write about each bicycle on separate column' to the first column on the left. Another blue arrow points from the same text to the second column on the left. A third blue arrow points from the text 'not this' to the large box on the right.

• caption

Plenary

- Read your information sentences to the person next to you (or an adult).
- Have you remembered
- To write a heading, draw a picture and write a caption
- To write information sentences
- To use capital letters and full stops.
