

**Year 1  
Maths  
Thursday 16/7/2020**

**Aim: To create a 'transport' shape picture using 2D shapes.**

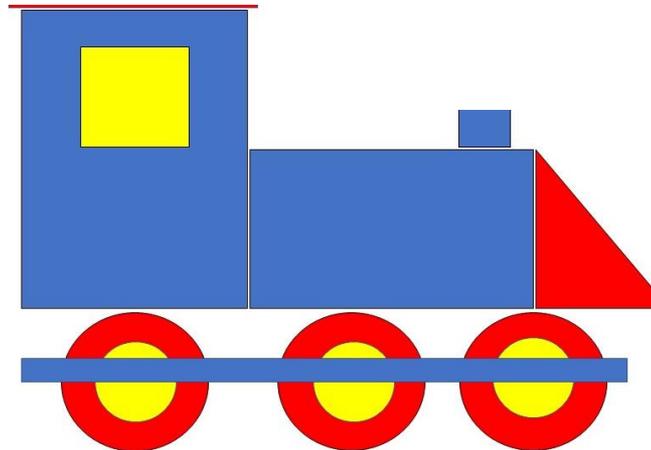

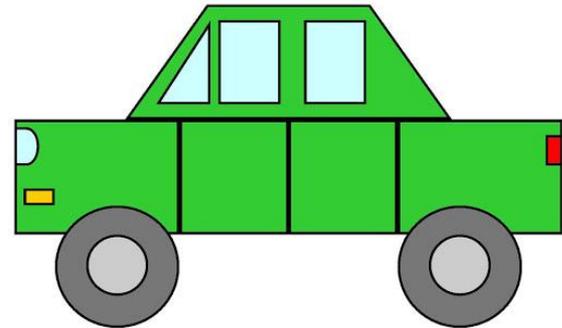

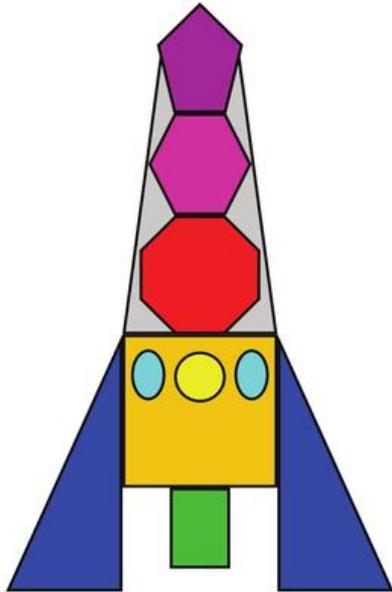

# Recap of 2D shapes

Play the game:

**Today we are going to make pictures of different types of transport using 2D shapes.**

## This is what you need to do:

1. Decide what type of vehicle you would like to make.
2. Using the 2D shapes provided, cut out the shapes you need and arrange them before sticking them down. Make it as interesting as you can. Think carefully about which shapes you choose for each part of your vehicle.
3. **Challenge:** Can you try to include each type of shape in your picture?
