

Can you help Wally to find the things he has lost?

**Directions**

1. Place Wally on the start.
2. One child takes a card from the top (don't show it to the others!) and directs the others to move Wally to the object on the card.
3. Remember to use vocabulary such as right, left, quarter turn, half turn, forwards and backwards. **CHALLENGE: TRY TO AVOID THE BRICK WALLS.**
4. When Wally reaches the object then a different child takes a card and directs the others to a different object.
5. Repeat until the cards are finished.

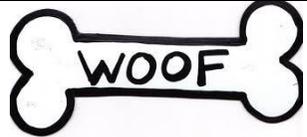

Wally's hat

Odlaw's binoculars

Wizard Whitebeard's scroll

Woof's bone

Wally's key

Wenda's camera

Wally's hat

Odlaw's binoculars

Wizard Whitebeard's scroll

## Challenge

Have you found all the objects? Now follow these instructions to draw new objects on the grid.

1. Start at Odlaw's binoculars, make a quarter turn right, go forward one square, make a quarter turn right, go forward two squares. Now draw a walking stick.
2. Start at Woof's bone, make a quarter turn left, go forward 3 squares, make a quarter turn left, go forward 3 squares, make a quarter turn left, go forward one square. Now draw a pair of glasses.
3. Start at Wally's hat, make a half turn right, go forward 5 squares, make a quarter turn left, go forward 3 squares, make a quarter turn left, go forward one square. Now draw another bone for Woof.

Once you have drawn all the new objects, direct your partners to them.
