

Year 2
Maths
03/07/2020

Lesson Aims

To able to describe the properties of different 3D shapes.

I can say how many vertices a 3D shape has.

I can say how many faces a 3D shape has.

I can say how many edges a 3D shape has.

Fluency Starter

There are 20 butterflies on a bush. 8 butterflies fly away. How many are left?

Fluency Starter

There are 20 butterflies on a bush. 8 butterflies fly away. How many are left?

$20 - 8 = 12$ butterflies

Main Teaching

What are these 3D shapes called?

Main Teaching

What are these 3D shapes called?

Sphere

Cuboid

**Square based
pyramid**

Cylinder

**Triangular
prism**

Cube

Your task...

Play the game:

What am I? On the powerpoint.

Once you have played the game,
choose a 3D shape of your own and
describe its properties to someone
else.

Can they guess the 3D shape?

What Am I?

A shape description game

What am I?

- 1 I have 6 square faces
- 2 I have 8 vertices
- 3 I have 12 edges

What am I?

What am I?

- 1 I have 6 square faces
- 2 I have 8 vertices
- 3 I have 12 edges

I am a cube!

What am I?

- 1 I have 6 faces, at least 4 of which are rectangular
- 2 I have 8 vertices
- 3 I have 12 edges

What am I?

What am I?

- 1 I have 6 faces, at least 4 of which are rectangular
- 2 I have 8 vertices
- 3 I have 12 edges

What am I?

I am a cuboid!

What am I?

- 1 I have 5 faces, at least 4 of which are triangular
- 2 I have 5 vertices
- 3 I have 8 edges

What am I?

Click on the numbers for clues.

1

I have 5 faces, at least 4 of which are triangular

2

I have 5 vertices

3

I have 8 edges

What am I?

I am a square-based pyramid!

What am I?

- 1 I have 1 continuous curved surface
- 2 I have 0 vertices
- 3 I have 0 edges

What am I?

What am I?

- 1 I have 1 continuous curved surface
- 2 I have 0 vertices
- 3 I have 0 edges

What am I?

I am a sphere!
