Describing the rainforest

Today we are going to use our SENSES to describe the rainforest.

What would it be like to be in the Daintree rainforest?

What would see? (think about plants, animals, the sky/weather)

What would you hear? (think about animals and bird sounds, weather sounds)

What would it smell like? (think about the damp soil, fresh air)

What could you feel? (think about the rain, the ground under your feet)

Watch this clips. Think about what you can see and hear.
